Ralph,

Cool. We'll get them out tomorrow in Rick's name. Will send tracking number tomorrow just in case.

Sorry - I meant to cc all in my reply. Rick or Ralph, can you suggest the timing?

Alice,

No problem but they won't make the run today. So, (a) send them out tomorrow for a Saturday delivery, (b) send them out tomorrow for a Monday delivery, or (c) send them out Monday for a Tuesday delivery?

Hi Brian,

We had to send The Pavillion samples first through the CLP contract, but we are now ready for the 2nd round of re-analyses that are still in Las Vegas. Can you please work with Rick and Ralph to have them shipped back to Ada as soon as you can, so that they may prepared for CLP processing. If I recall, the plan was that you would keep the digestate from one of the site visits, but send the filtered and unfiltered for the CLP re-analysis?

Thanks,
Alice
